# Assignment Two

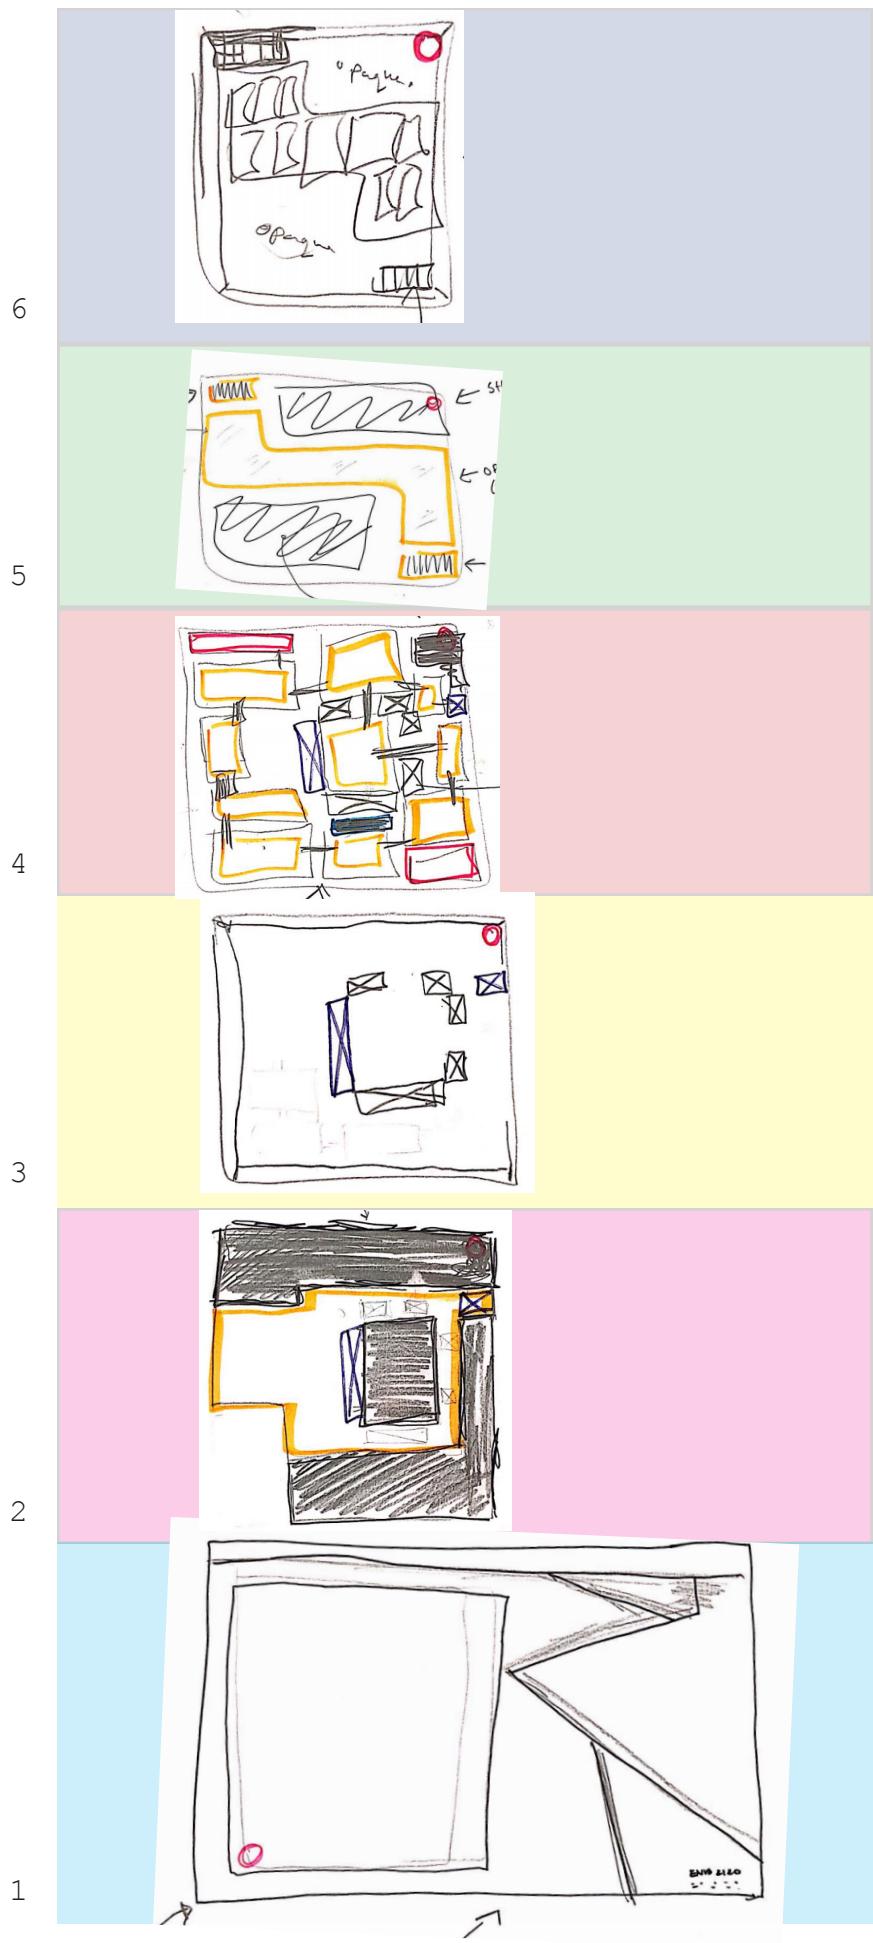

We analyzed the Clyfford Still Museum through means of photography, sketches, diagrams, and different types of models. This information was translated throughout the work below to understand the concepts and relationships within the Clyfford Still Museum.

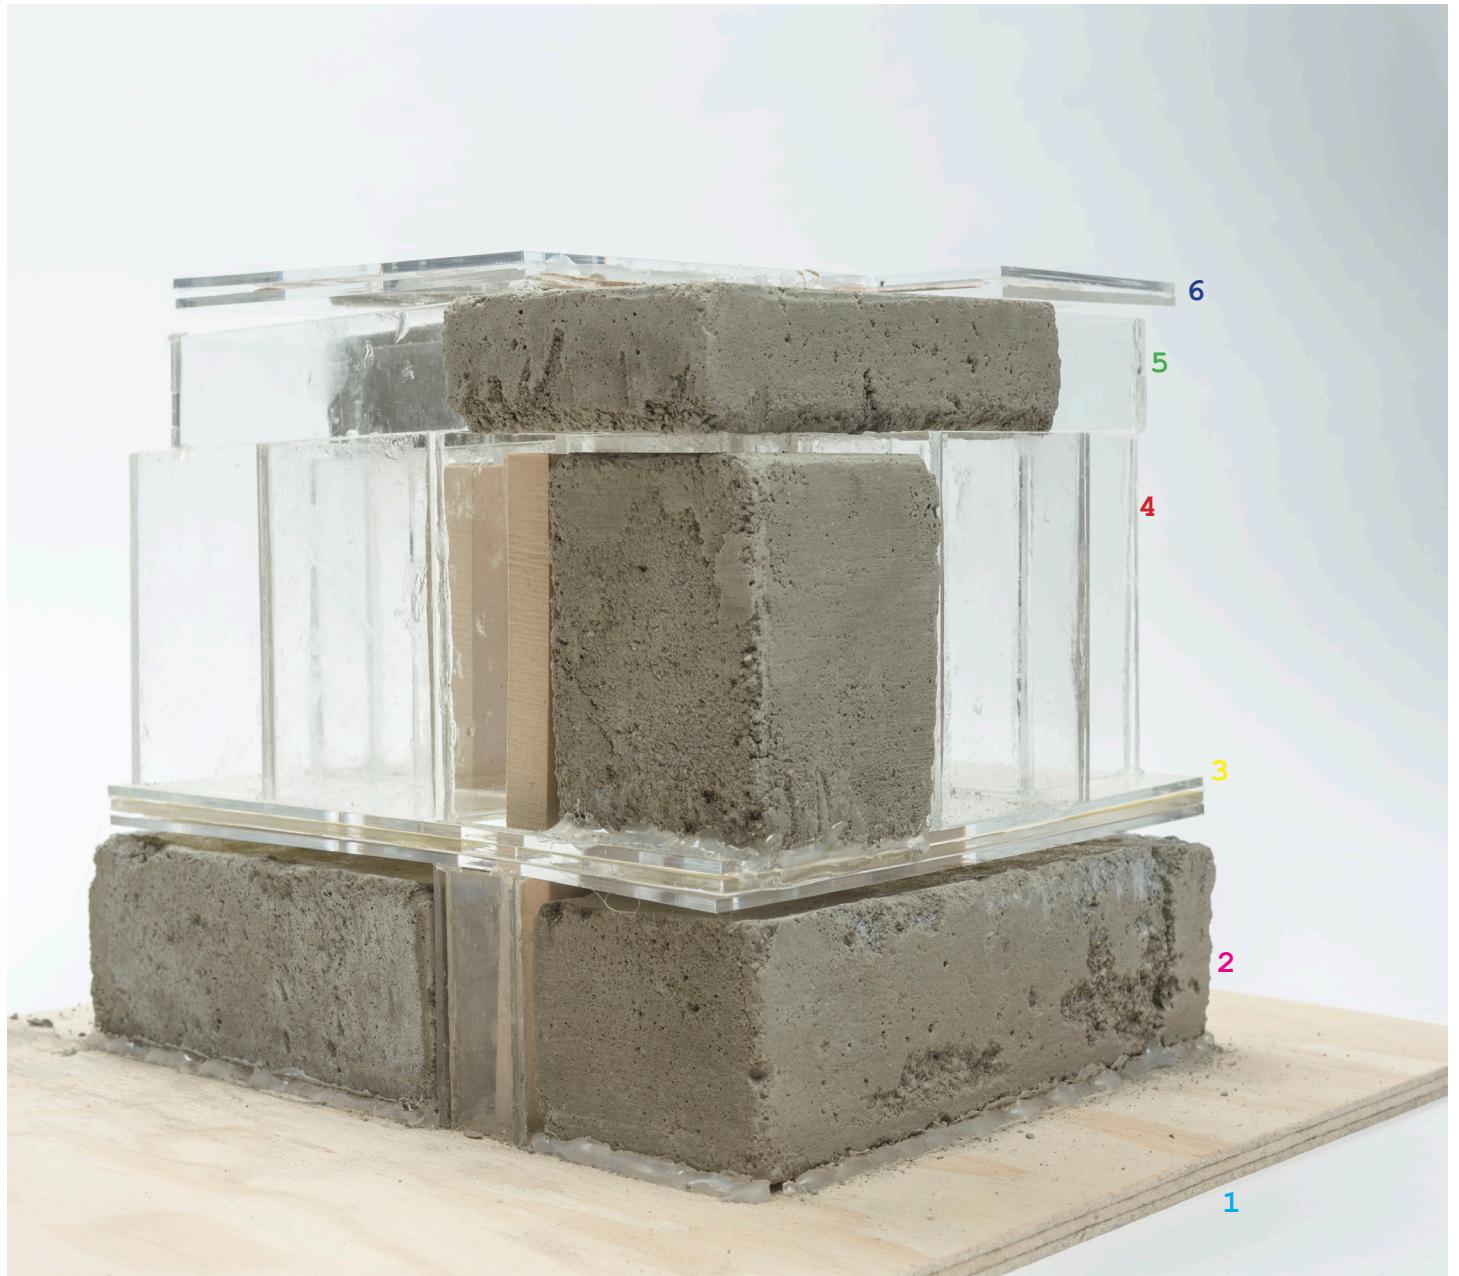

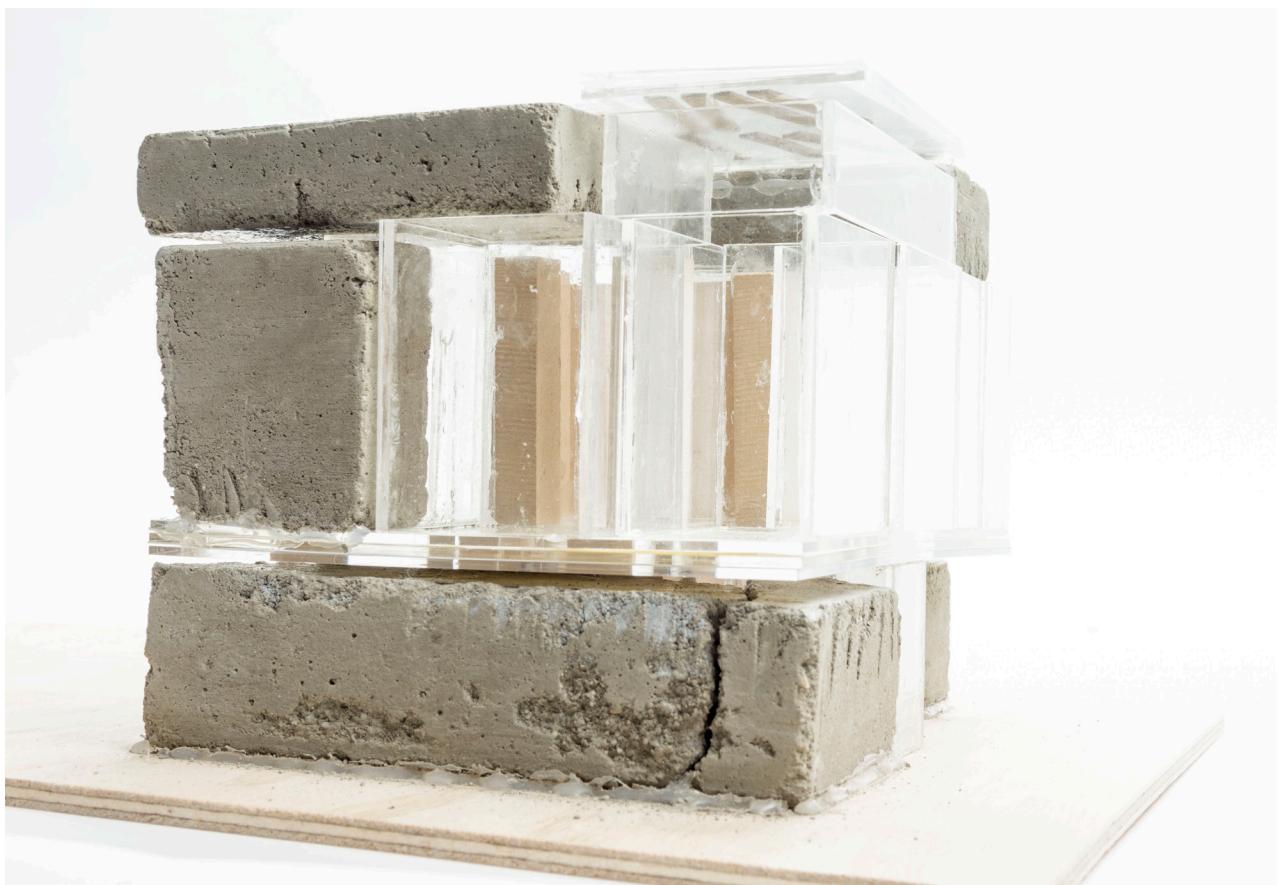

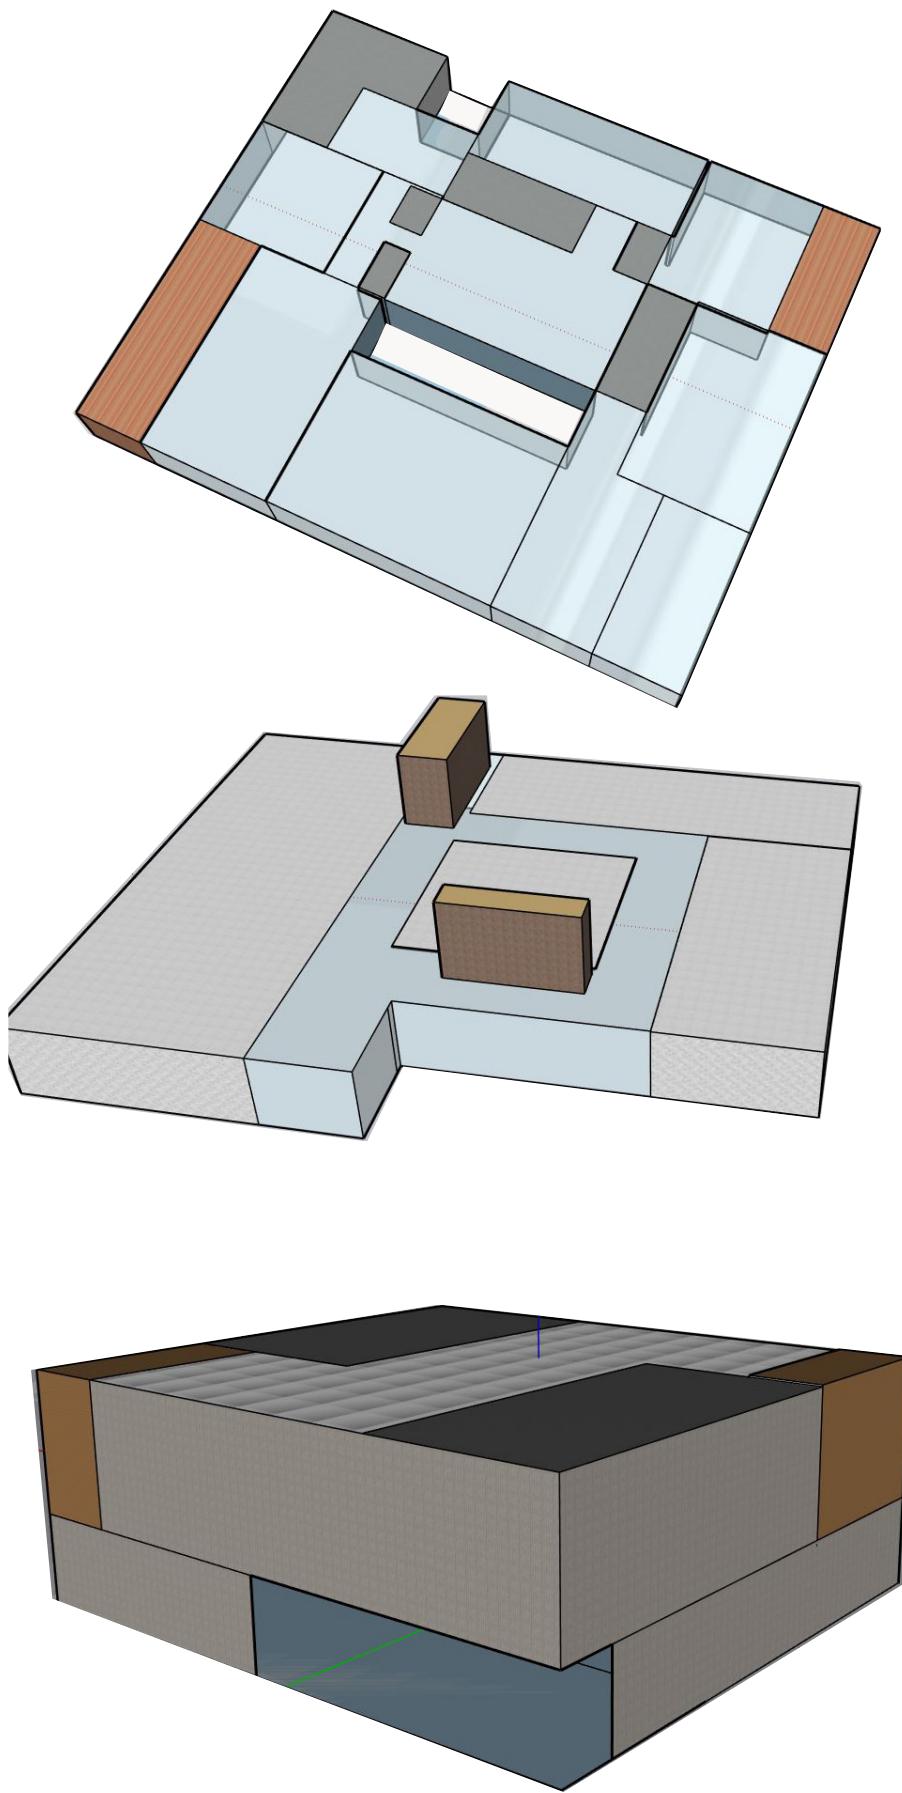

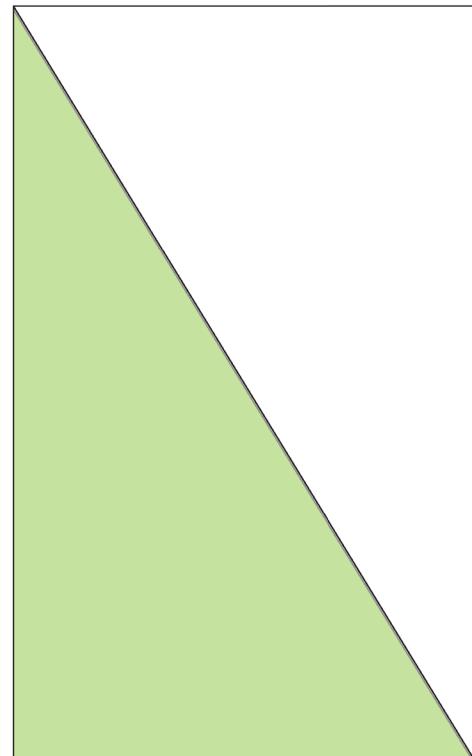

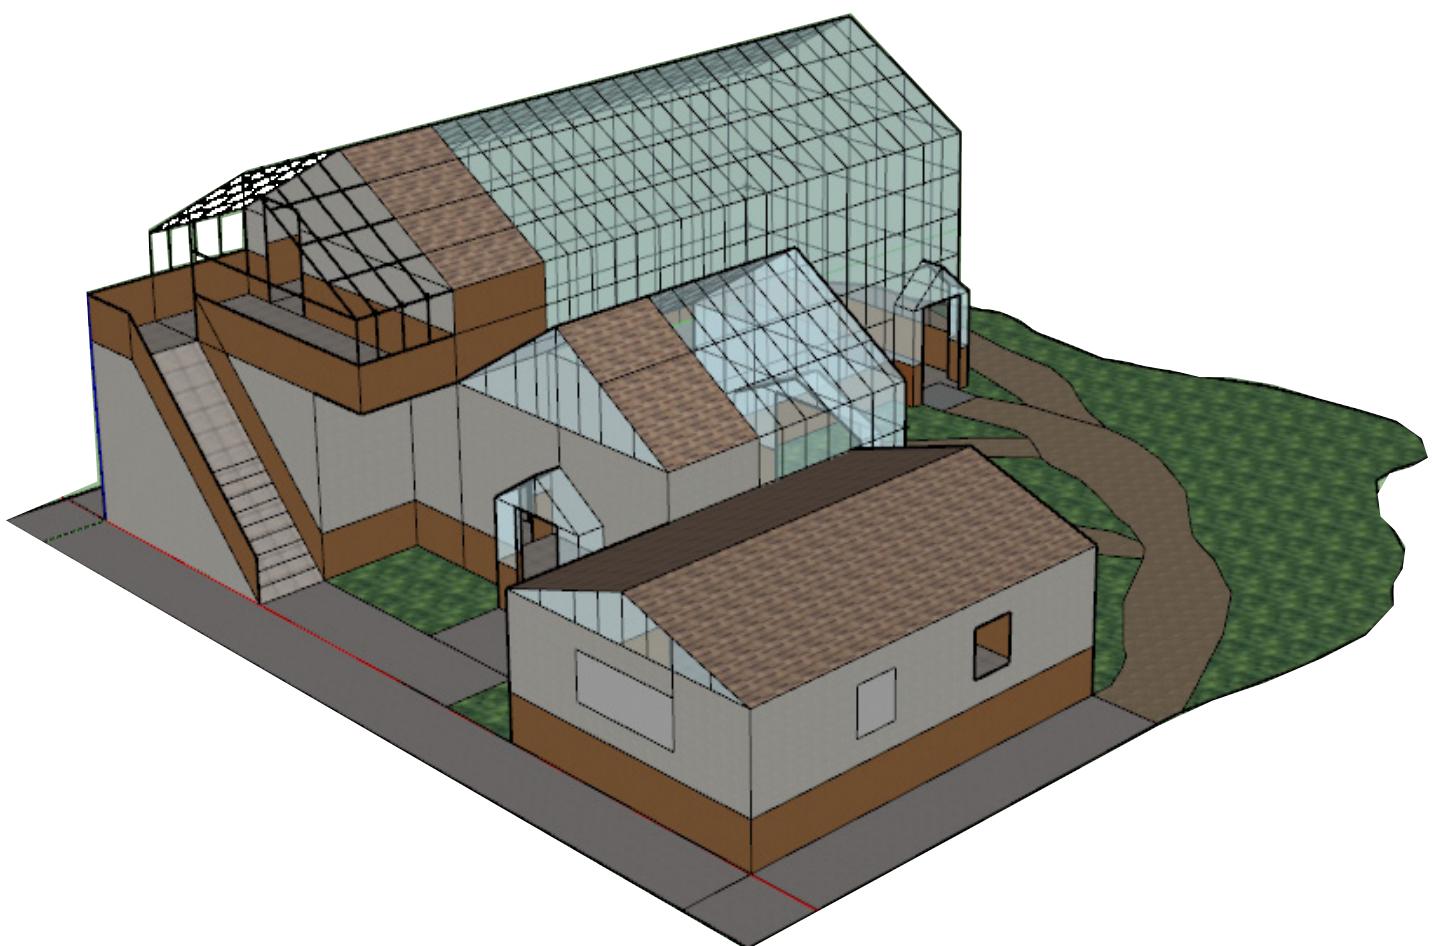

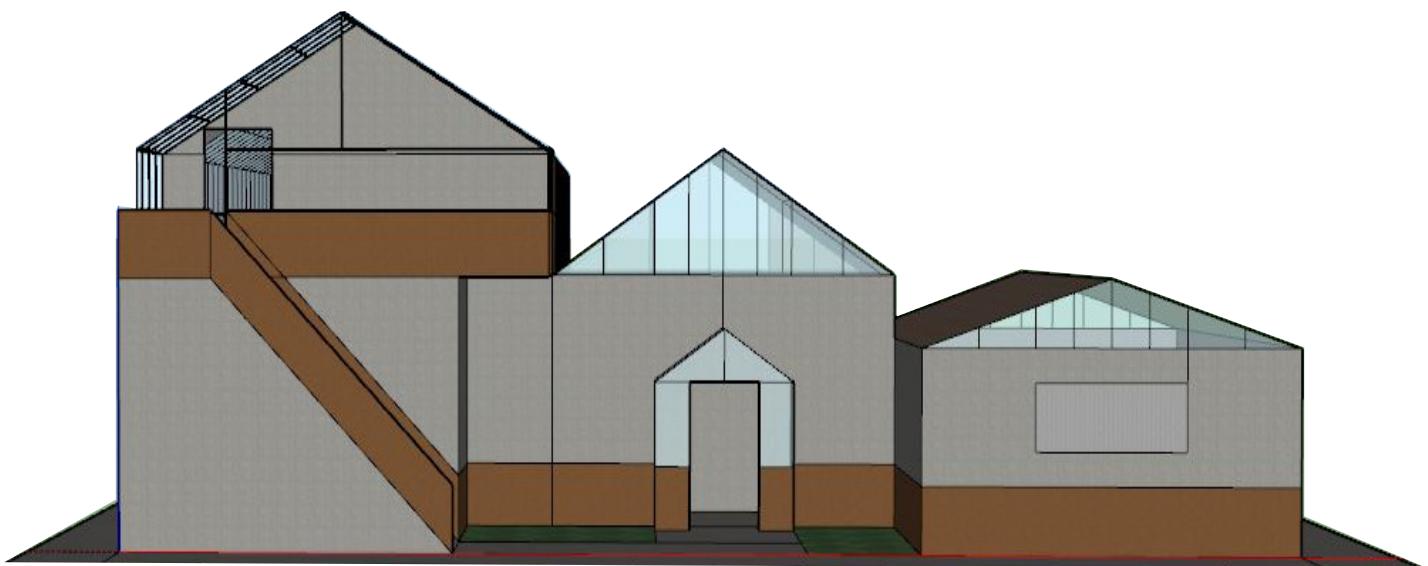

## Assignment Three

We created a greenhouse and visitor center that fits the character of Boulder. To do this we looked at the site and analyzed the area. Native Colorado plants we used for visitors to learn about the surrounding area and influenced the design.

## Dry

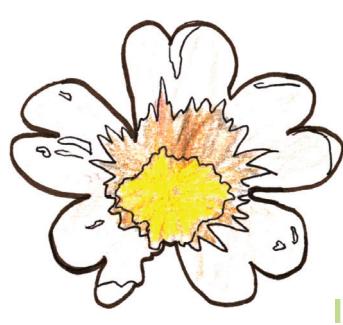

Common Name  
Dwarf False  
Indigo  
or  
Dwarf Leadplant

Common Name  
Aster, Golden

Common Name  
Aster Porter's

Common Name  
Mouse-ear  
Chickweed

Height  
3 Feet

Height  
1-2 feet

Height  
1-2 feet

Height  
6 inches

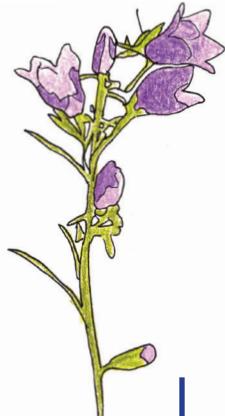

## Shade, Moist

Common Name  
Wild Geranium

Common Name  
Fireweed

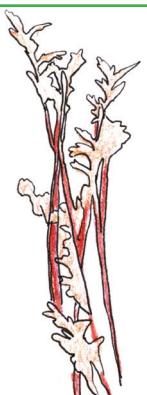

Common Name  
Harebells

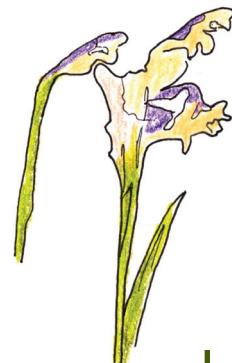

Common Name  
Rocky Mountain  
Columbine

## Grasses, Outdoor

Common Name  
Little Bluestem

Common Name  
Buffalo Grass

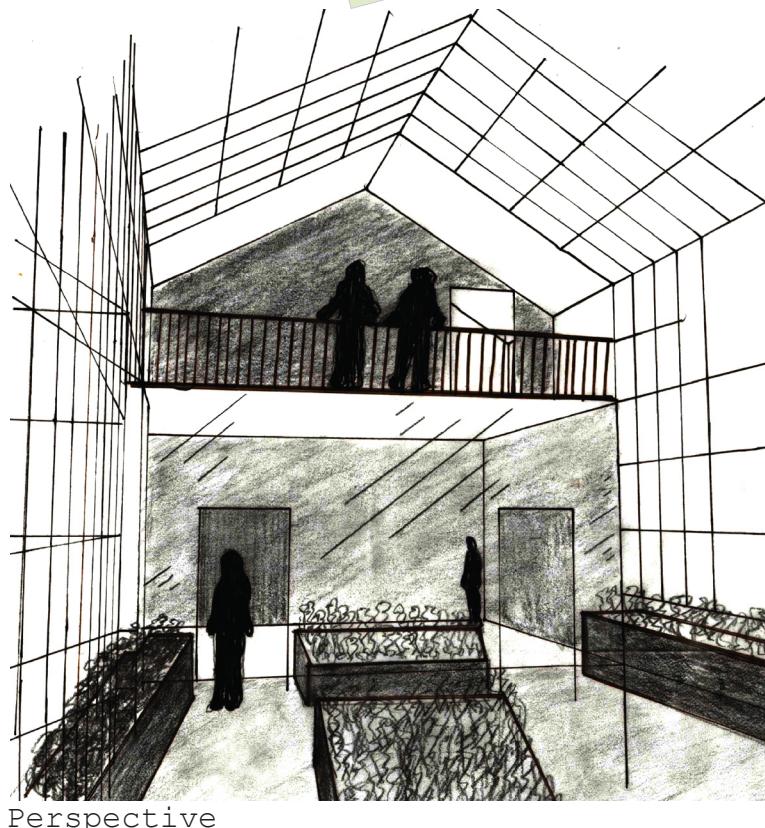

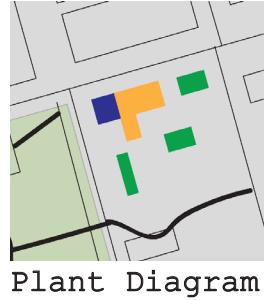

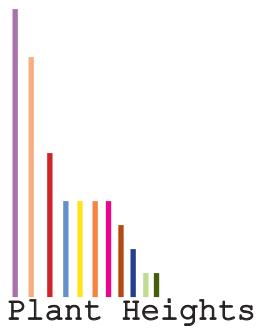

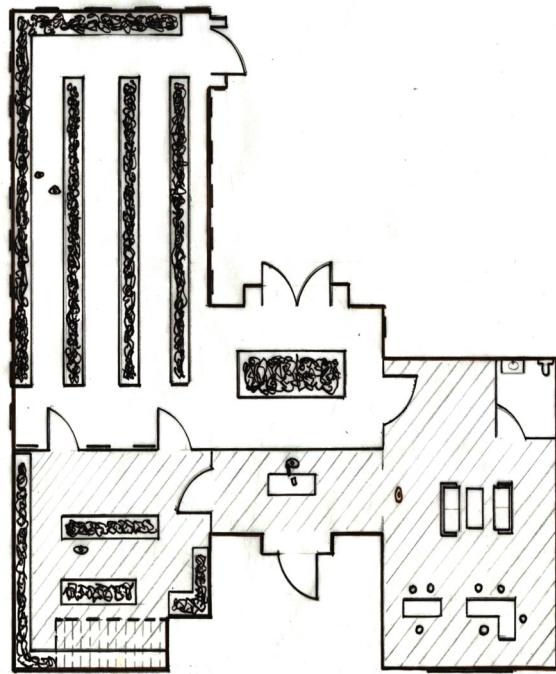

Common Name  
Blue Grama Grass

Height  
1.5 - 5 feet
